RATIONALE

- Sport Matters includes a target and key step associated with extra curricular sporting opportunities for children:

PA6: By 2014 to provide every child in NI over the age of 8 years with the opportunity to participate in at least two hours per week of extracurricular sport and physical recreation

In consultation with children and young people, provide the opportunity for every child to access two hours extra-curricular sport and physical recreation per week through initiatives such as Extended Schools, Active Schools and community sport programmes

BACKGROUND

- Sport Matters includes targets related to physical education and extra curricular sporting opportunities for children (PA3 and PA6)
- Information gap in relation to PA6 and extra curricular sporting opportunities
- Participation SMIG Chair tasked SNI with undertaking a research project to determine current levels of opportunities offered in NI schools.

BACKGROUND

- Overall aim of the research:
 - To establish a baseline (time spent per week) relating to extra curricular sporting opportunities within NI schools.
 - To establish an indication of the proportion of schools that make their sports facilities available for use by outside groups.

METHODOLOGY

- All 1,111 schools in NI surveyed (primary, post-primary and special schools).
- Relevant information sourced from the DE.
- Schools email with a link to an online survey and also issued with a postal survey.
- Responses were received from 496 schools (45% response rate).
- Wording of questions consistent with previous research (c. 2007) for comparative purposes.

Sport Northern Ireland Primary School PE and Extra Curricular Sport Survey

Aim: To establish a baseline (time spent per week) relating to extra curricular sporting opportunities within the Primary School sector.

For the purposes of this survey "extra curricular sport" is defined as sport and other forms of physical activity within a school setting or organised by the school (excluding curricular PE) outside normal school hours.
