1. BACKGROUND

Sport NI has been able to invest in governing bodies (and eligible umbrella organisations) over the past 10 years as a result of National Lottery investment.

In April 2022 the Corporate Plan for Sport NI ([The Power of Sport – Our Five-Year Plan | Sport NI](#)) was approved. Sport NI has evolved its approach to supporting the sports sector, recognising the need to invest in sport and physical activity through a wide range of partners.

As we implement this strategy, we will develop a range of approaches and opportunities to work with both existing and new partners. In particular, we will focus on those underrepresented communities highlighted in our Corporate Plan.

This guidance document details how Sport NI, through Lottery investment, will support governing bodies NOT currently in receipt of Sport System Investment – Governing Bodies (SSIGB) funding.

2. SPORTS SYSTEM INVESTMENT – NEW GOVERNING BODIES

In recognition of the strategic role governing bodies play, the Sports System Investment – New Governing Bodies is the third strand of the Sports Systems investment to implement ‘The Power of Sport’. This investment is to contribute to the delivery of:

- **Outcome 1: People adopting and sustaining participation in sport and physical activity.**

by (Sport NI Cornerstones):

- Building a positive and inclusive sports culture, recognising the rights of everyone to access and participate in sport.
- Retaining a duty of care to all those engaged in the Sporting System.
- Promoting wellness and well-being.
- Targeting sport in rural communities, in disadvantaged areas and with underrepresented groups.

We want to support Recognised governing bodies, not currently funded in the sector, to have stronger systems in place.

As this is a rolling programme, the available programme budget will reduce over time as awards are made. It will be at the discretion of Sport NI as to how much is awarded for any project and it is the responsibility of the sports to demonstrate in their submissions how the proposals 'fit' with Sport NI's objectives, Cornerstones and priority areas for investment.

10. AWARDS

Awards will be made by an emailed Letter of Offer. This must be accepted by returning a Form of Acceptance. Sport NI staff will meet with award recipients to explain the claims process and any other relevant information in order to assist with the successful delivery of the project.

11. MONITORING AND EVALUATION

Sport NI wants to ensure that the investment impacts those underrepresented groups within Northern Ireland. We will need to be able to evaluate what we do and how we do it, so we can understand and demonstrate the longer-term change in the sport system.

To achieve this, Sport NI will work with organisations to clearly understand how the investment is ultimately supporting the wider, long-term outcomes that we know sport and physical activity contributes to.

Key to this approach will be understanding the effect of interventions in sports using the Outcome Based Accountability framework.

- How much did we do? – Quantity.
- How well did we do it? – Quality.
- Is anyone better off as a result? (Quantity and quality of effect or outcome for the user of the service).

Sport NI will work with you to address this over the course of our investment.

Sport NI will also be collecting data in relation to membership, coaching, officials etc. during this investment.
